

Town Talk

MOTION PICTURE FUNNIES.

Cut out the picture on all four sides. Then carefully fold dotted line 1 its entire length, then dotted line 2 and so on. Fold each section underneath accurately. When completed turn over and you'll find a surprising result. Save the pictures.

TODAY'S KWIZ

In this space each day, The West Virginian will print this novel educational feature and ten questions propounded are scientifically selected to test the extent of your fund of general knowledge. The idea is to write out your answers to the questions today and compare your answers with the correct ones in the space tomorrow.

- (Reg. Pdg. U. S. Pat. Off.)  
Answers to Yesterday's Kwiz.  
1-Prince Edward Island is a province of Canada off the eastern coast and in the Atlantic Ocean.  
2-A "polyglot" nation is one whose people speak several different tongues.  
3-Rouget de Lisle was a celebrated French writer who is credited with the authorship of the "Marseillaise."  
4-A polychrome is a print in which many colors are employed.  
5-An itinerant is an individual who travels from place to place.  
6-Edward Bellamy wrote the famous American novel "Looking Backward."  
7-U is the twenty-first letter of our alphabet.  
8-A nimbus is a luminous cloud believed by the ancients to surround a god or goddess when on earth; a halo about the heads of saints and divinities; also a rain cloud is called a nimbus.  
9-The Mosaic law is the law laid down for the Hebrews by Moses.  
10-Francois Marie Arout de Voltaire was a celebrated French dramatist, poet and reformer, 1694-1778.  
New Questions.  
1-What is grastic juice?  
2-Who was Sir Walter Raleigh?  
3-What is cuticle?  
4-What is chicle?  
5-What is the Rock of Gibraltar?  
6-Who wrote "Barack Room Ballads"?  
7-What is a "settlement" house?  
8-What is oakum?  
9-Where is Mecca?

THE WEATHER.

Write for farm bulletin. J. T. Linton, Real Estate, Aroclio, Va. 1-22-11-7191.

FOR SALE—47 acre farm near First Ward, well improved, or will sell in 5 acre lots. Also new 6 room house on East Park. Stephen Vangilder. 1-22-51-7192

LOW MARCELLED POMPADOURS ARE FAVORED BY ACTRESS FOR INFORMAL OCCASIONS

Marcelled low pompadour and center Marcelled part with low pompadour, as worn by Gloria Swanson.

By GLORIA SWANSON, (Famous Player-Lasky Star)  
This type of coiffure is a favorite of mine, particularly for informal around-the-house wear. Although the process sounds a bit complicated when described, it belies its description.  
Marcel 1 straight off the forehead. Part a bang over the forehead which should be Marcelled, too. Now wave the sides and draw them back tightly over the temples, but allow the sides to puff out full over the ears.  
Dress the back before turning the attention to the front. Draw the hair

back above the bang in a single full sweep ending at the nape of the neck. Turn all ends under and fasten with a net.  
This coiffure is most effective with a morning dress. It gives an effect of unstudied care which makes it doubly appropriate.  
Satisfactory With Hats.  
Another coiffure, having much the same lines I have called the center Marcelled part with low pompadour because it is a combination of these two simple types of hairdresses. It can be effectively worn for any informal occasion, and I find it particularly

satisfactory for wears when I am forced to put on and take off hats.  
Part your hair an inch in depth in the center and draw it back in a low pompadour. Marcel the sides. Dress the front first, then the sides.  
Net Almost Necessary.  
Curl the ends and dress the back, permitting the curled ends to cluster a little above the low pompadour. As in the previous styles of hairdresses, a net is of service in keeping the hair in place after it is dressed. Where a hat is worn and frequently removed and replaced, this accessory is almost a necessity.

STATE MEETING OF AMERICAN LEGION

State Commander Smith Wants to Enlarge Scope of Organization.

A meeting of the State Committee on the American Legion has been called by State Commander Earl H. Smith to be held in Clarksburg next Monday. The main object of the meeting is the enlargement of the scope of the movement in West Virginia.  
The phenomenal growth of the legion is the source of much gratification to the officials who report seventy-five counties now located in the fifty-five counties of the state. Very few posts have a membership of less than one hundred men and most of them range from three hundred to one thousand members. One or two counties which are not yet represented by an organization of the veterans are getting ready to form posts in the near future. These activities are making important calls upon the state officers and the meeting in Clarksburg is designed to come to some agreement as to how the work in the future may be handled with efficiency. Another important matter which will be taken up by the committee, is the manner by which the benefits made possible by the passage of the Sweet bill through Congress recently, may be had by West Virginia veterans. The new law improves the insurance features, provides adequate compensation to men and women injured or sick during the war, and in general shows a wider appreciation on the part of the nation for the veterans who defended it. An annual expenditure of eighty million dollars a year will be made for these purposes, and the committee will be asked on Monday to provide ways and means for West Virginians to secure their share.  
The meeting will be held at two o'clock on Monday, January 26, in the office of the state adjutant in the Union Bank Building.

VACCINATION IS URGED FOR ALL

Four Cases of Smallpox in the County at Present

County health officer L. N. Yost says all persons should be vaccinated who have not been vaccinated as there are now four cases of smallpox in this county, two of them new ones. There is one case at Thoburn which developed within the last several days and this person, a man, rode on the Manington street car just before taking to his bed, unaware of the fact that he had the smallpox. The other new case is at Sunshine where Ruston Morgan, a motorman lies sick with the smallpox. A case or two of smallpox has also been reported at Rivesville. It is very urgent, says Dr. Yost, that people take this news seriously to the extent of protecting themselves, especially persons living near these locations. Vaccination is the only known preventative for the disease and Dr. Yost reports that while the smallpox situation is not alarming in the county it is always best to be on the safe side.  
Dr. Yost also gives a few rules on how to maintain good health and says that if people will follow them religiously there will be little sickness ordinarily. There is a small amount of "flu" in the county but its spread is not at all alarming. There is more or less "flu" all over the country at this time.  
1—Ventilate every room you occupy.  
2—Wear loose, porous clothing suited to season, weather and occupation.  
3—If you are an indoor worker, be sure to get recreation outdoors.  
4—Sleep in fresh air always; in the open if you can.  
5—Hold handkerchief before your mouth and nose when you cough or sneeze and insist that others do so, too.  
6—Always wash your hands before eating.  
7—Do not overeat. This applies especially to meats and eggs.  
8—Eat some hard and some bulky foods; some fruits.  
9—Eat slowly—chew thoroughly.

WANT REFERENDUM ON CHANGE OF TIME

Rotary Club Adopts Resolution at Meeting Held Today.

If the City Board of Directors adopts a suggestion of the Rotary club there will be a referendum vote in this city soon to determine whether or not Fairmont wants to adopt a daylight saving measure for the coming summer. The project was under consideration by the members of the Rotary club at two meetings and there was some very good natured debating about it. Finally today by a very close vote the following resolution, introduced three weeks ago by Rotarian Wiegand, was adopted:  
WHEREAS—During the years 1918 and 1919 there was in force what is known as the Daylight Saving Law, the purpose of said law being the increased efficiency, comfort and health of the people in general, and  
WHEREAS—The benefits derived from the Daylight Saving Law were months ago very beneficial to the people of City of Fairmont and Marion county, and  
WHEREAS—The City of Pittsburgh and other cities have passed legislation making effective a Daylight Savings Law for the year 1929, said legislation causing the clocks to be set back one hour on May 1st, and set forward one hour on October 1st, and  
WHEREAS—It will be to the advantage of this community that like legislation be passed, therefore  
BE IT RESOLVED—That this club in general meeting assembled, does hereby petition the Board of Directors of the City of Fairmont, to take a referendum vote of the people of the City of Fairmont within Thirty Days (30) for the purpose of ascertaining the sentiment of the people with regard to the Daylight Saving Law and if sixty per cent of the votes cast shall be in favor of Daylight Saving then the said Board of Directors shall pass such laws, ordinances and orders as may be necessary to make effective the Daylight Saving Law.  
BE IT FURTHER RESOLVED—That the Secretary of this club be instructed to send copy of this resolution to all Rotary Clubs in this section of the state, with the request that such clubs petition the proper authorities to enact a Daylight Saving Law for their respective districts.  
A. L. Lehman, president of the Chamber of Commerce, was a guest of the club today and in a very happy little speech he invited the members to attend the Dutch treat which will be held at the Y. M. C. A. Thursday evening of next week at which time plans for an increase in the membership of the chamber will be made.

Listening In.  
A western man after eleven years of experience has invented a device that enables a user of a party telephone line to identify any other subscriber who may be listening to his conversation.

GOODWIN PREACHED

(Continued from page one.)  
309 Fairmont avenue, Mrs. C. O. Henry, leader.  
Friday night, A. B. Cole 513 Fairmont avenue, C. W. Evans.

REVIVAL SONGS

(Continued from page one.)  
the real work of which these few meetings are but preliminary.  
Rev. Dr. Wm. E. Smith, of Charleston, State Secretary of the Near East relief, arrived late at the meeting and made an appeal for funds to carry on the work of relief in Armenia.

CAR SHORTAGE

(Continued from page one.)

vania district there were 343 cars of coal loaded on Wednesday.  
Good Move Eastward.  
Twenty-one trains drew 1,148 loads east of Grafton on the Baltimore and Ohio railroad on Wednesday. This is the heaviest daily movement over the mountains since January 11, when 1,243 loads were drawn.  
There were 414 cars of coal loaded east on the Baltimore and Ohio railroad and 54 cars loaded west. The 5 cars of coke loaded all went west.  
Daily Consignments.  
Curtis Bay shipments yesterday dropped to 41 cars. Michigan shipments totaled but 3 cars, the lowest for some time. Shipments to Ohio points were 15 cars while the consignments to miscellaneous western points totaled 36 cars.  
Railroad Fuel.  
Railroad fuel shipments off the Monongah division of the Baltimore and Ohio railroad on Wednesday totaled 108 cars. The chief consignments of railroad fuel were secured by the Baltimore & Ohio and the P. & R. railroads. New York Central shaded its shipment yesterday while the Cumberland Valley and Bangor and Aroostook railroads broke in with small consignments.  
On Business Trip.  
C. H. Jenkins, president of the Northern West Virginia Coal Operators' Association, left today on a business trip to Baltimore and Washington, D. C.  
Made Vice President.  
At a meeting of the directors of the Consolidation Coal company in New York city on Wednesday, W. L. Andrews, Baltimore, was elected a vice president of the corporation. Announcement was made that the Consolidation Coal company sold its holdings, 26,046 shares, in the Coast West Transportation company to W. A. Harriman & Co., New York bankers, for \$250 a share.  
Going to Hospital.  
C. J. Ryan, general superintendent of the mines of the Hutchinson Coal company at Hepzibah, left today for Baltimore, where he will undergo an examination at Johns Hopkins hospital. Mr. Ryan has been ill for some time, but the cause of his illness is not known.  
United Mine Workers.  
Today these representatives of the United Mine Workers of America are at work in the field: Ira Marks, district board member is at Morgantown; John Custalac, district organizer, is at Morgantown; Edward Matthews, secretary of sub district 4, is at Clarksburg; M. L. Hayton, district traveling auditor, is at Wilsonburg; Sanford Snyder, international organizer, is at Hepzibah.

MOVIE STARS ARE BRID ESMADS

NEW YORK—Three popular screen stars were bridesmaids at the wedding of Mildred Zukor and Arthur Marcus Loew in the Ritz-Carleton Hotel. Mrs. Loew is a daughter of Adolph Zukor, president of the Famous Players-Lasky Corporation, and her husband is a son of Marcus Loew of the Loew circuit of theatres. In the picture, reading from (left) to (right) are Dorothy Gish, Lillian Gish, Mrs. Loew and Norma Talmadge.
